An illustration showing a group of six diverse people in a collaborative setting. Three people are standing on the left, looking towards the right. Two people are seated at a table, working on a laptop. One person is standing on the right, pointing at a large screen that displays a line graph with an upward trend. The word 'Planning' is written in a large, stylized, orange cursive font at the top. The background is light blue with faint geometric shapes. At the bottom, there is a dark blue banner with the text '© 2019 Pearson Education, Inc.' and 'All rights reserved.'

## FIND A MENTOR

An illustration showing a man in a blue suit standing on a platform, reaching out to help another man in a green shirt climb a set of stairs. The man in green is carrying a blue briefcase. A red flag is planted on the top platform. The background is a light blue sky with white clouds.

# Tips For Becoming A Successful Entrepreneur

1

## Develop a business plan.

A business plan materializes your ideas onto paper and helps you to envision how your business will be operated.

2

## Continuously educate yourself.

Be a voracious learner. You can attend live seminars or classes online. I also recommend reading books by a successful entrepreneur you admire.

3

## Build a winning team.

Behind every successful business is a reliable and competent team. This can include engaging an online personal assistant or working with a skilled accountant.

4

## Find a mind-body-soul balance.

Make sure you eat healthily and find time to declutter your mind. Your personal wellness is as important as your company's bottom line.

5

## Find a mentor.

Having a mentor you can trust is a valuable asset. Whether you're in a mastermind group or have stayed in touch with your former teachers or other business associates, guidance is always valuable.

6

## Be financially prepared.

Starting a business always costs more than anticipated. You can allocate part of your revenue into an emergency fund to prepare against unexpected financial emergencies.
